## 20 YEARS OF EXPERIENCE

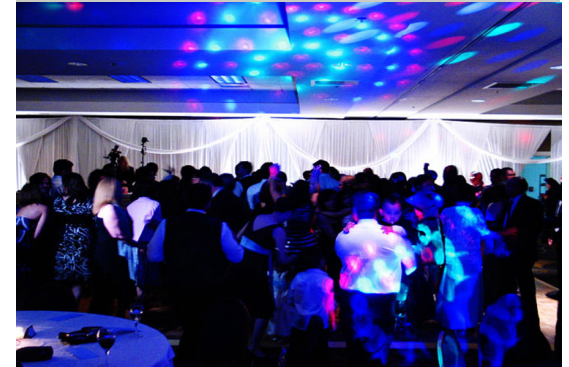

We know that you don't want a new, inexperienced entertainment company to ruin YOUR special day. Club Circuit DJ is a family owned entertainment company that has been around the block, serving the Chicagoland area for over two decades.

Throughout the years we have specialized in weddings as well as corporate events, university balls and birthday parties.

We are all about making sure your guests enjoy your special occasion; it is your special day after all.

## CONCERT GRADE EQUIPMENT

We are very picky when we choose equipment to invest in. We do not settle for less than the best sound and lighting systems. After all, we consider this to be a truly fun service to provide and the fun begins with the quality tools we have.

We don't only invest in talent, but also the highest grade, professional equipment on the market.

# OUR STYLE

What distinguishes us from other DJs?

- ✗ We DO NOT charge extra for obvious needs such as wireless microphones and lighting

## WHAT WE DO

- ✓ We beat-match and blend music, for non-stop dancing
- ✓ We let the music move your guests
